

Wildflower Turf Ltd

Turf R&D Supervisor
Overton, Hampshire

Wildflower Turf Ltd is the leading supplier of Wildflower Turf products in the UK. The company supplies many high profile projects throughout the country. The successful applicant will be part of a motivated team based on a 700 acre arable farm near Basingstoke, Hants.

Turf R&D Supervisor

The ideal candidate will be managing the trials site and research & development facility, working within the team to help develop new products for the Wildflower Turf brand and to continually strive to improve the existing products currently being supplied. This new exciting role is ideally suited to someone with ideas and enthusiasm and drive to develop the role within this fast growing sector.

Responsibilities will include:

- A research and development role to expand Wildflower Turf and related products.
- Maintain and monitor Wildflower Turf's R&D site.
- Continue to update all photographic records.
- Develop new wild flower mixes to trial.
- Keeping Wildflower Turf Ltd at the forefront of our industry.

The strongest candidates will have:

- Good plant knowledge.
- Organisational skills.
- Leadership qualities and be target driven.
- Effective communication skills.
- Good I.T skills.
- Thorough and detailed recording skills.
- Self-motivated.
- An interest in biodiversity.
- Some experience with horticultural machinery.

With substantial growth plans we are seeking an ambitious person with sound practical skills and keen to progress their career.
